INDEPENDENT AUDITOR'S REPORT

September 16, 2013

To the Honorable Mayor
and Members of the Town Council
Town of Woodsboro, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Woodsboro, Texas, as of and for the year ended July 31, 2013, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Town of Woodsboro, Texas, as of July 31, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-9 and 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Woodsboro, Texas's basic financial statements. The individual grant section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The individual grant section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

TOWN OF WOODSBORO, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
July 31, 2013

This discussion and analysis is intended to be an easily readable analysis of the Town of Woodsboro's (Town) financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the financial statements that follow.

Report Layout

In addition to the Management's Discussion and Analysis (MD&A), the report consists of government-wide statements, fund financial statements, notes to the financial statements and supplementary information. The first several statements are highly condensed and present a government-wide view of the Town's finances. Within this view, all Town operations are categorized and reported as either governmental or business-type activities. Governmental activities include basic services such as general government, public safety, municipal court, streets, animal control and recreation. The Town's business-type activity provides water, sewer and sanitation services to the citizens. These government-wide statements are designed to be more corporate-like in that all activities are consolidated into a total for the Town.

Basic Financial Statements

- The Statement of Net Assets focuses on resources available for future operations. In simple terms, this statement presents a snapshot view of the assets the community owns, the liabilities it owes and the net difference. The net difference is further separated into amounts restricted for specific purposes and unrestricted amounts.
- The Statement of Activities focuses gross and net costs of Town programs and the extent to which such programs rely upon general tax and other revenues. This statement summarizes and simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.
- Fund financial statements focus separately on major governmental funds and proprietary funds. Governmental fund statements follow the more traditional presentation of financial statements. The Town's major governmental funds are presented in their own columns. Statements for the Town's proprietary fund follow the governmental funds and include net assets, revenue, expenses and changes in net assets, and cash flow.
- The notes to the financial statements provide additional disclosure required by governmental accounting standards and provide information to assist the reader in understanding the Town's financial condition.

The discussion and analysis of the Town of Woodsboro's financial performance provides an overall review of the Town's financial activities for the year ended July 31, 2013. The intent of this discussion and analysis is to look at the Town's financial performance as a whole; readers should also review the basic financial statements to enhance their understanding of the Town's financial performance.

RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended July 31, 2013

Amounts reported for governmental activities in the statement of activities
are different because:

Net change in fund balances - total governmental funds	\$ (61,120)
Governmental funds report capital outlay as expenditures. However, in the government-wide statement of activities and changes in net assets, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.	34,882
Depreciation expense on capital assets reported in the government-wide statement of activities and changes in net assets, does not require the use of current financial resources. Therefore, depreciation expense is not reported as an expenditure in governmental funds.	(26,400)
Some property taxes will not be collected for several months after the Town's fiscal year end, and are not considered "available" revenues in the governmental funds.	(5,093)

TOWN OF WOODSBORO, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended July 31, 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Woodsboro, Texas (Town) was incorporated in 1928 and provides the following services: general government, public safety/municipal court, streets, animal control, recreation, and water, sewer and sanitation services.

Basis of Accounting/Measurement Focus

The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The accounting and reporting policies of the Town relating to the funds included in the accompanying financial statements conform to generally accepted accounting principles applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled *Audits of State and Local Governmental Units*, and by the Financial Accounting Standards Board (when applicable). As allowed in Section P80 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, the Town has elected not to apply to its proprietary activities Financial Accounting Standards Board Statements and interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee of Accounting Procedure issued after November 30, 1989. The more significant accounting policies of the Town are described below.

A. Government-Wide Financial Statements

The Town Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of Governmental and Business-Type Activities for the Town accompanied by a total column.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Town's assets and liabilities, including capital assets as well as infrastructure assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The types of transactions reported as program revenues for the Town are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column.

TOWN OF WOODSBORO, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended July 31, 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net assets and changes in net assets presented in the Government-Wide financial statements. The Town has presented all major funds that met those qualifications.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheets. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the Town, are property tax, sales tax, intergovernmental revenues and other taxes. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

The following are the Town's Governmental Fund types:

General Fund

The General Fund is the general operating fund of the Town. All financial resources, except those required to be accounted for in another fund, are accounted for in the General Fund.

Special Revenue Fund

The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes.

C. Proprietary Fund Financial Statements

Proprietary Fund Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows for each major proprietary fund and non-major funds aggregated.

TOWN OF WOODSBORO, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended July 31, 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proprietary funds are accounted for using the "economic resources measurement focus and the accrual basis of accounting." Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

The Town reports the following major proprietary fund.

Water, Sewer and Sanitation

The Water, Sewer and Sanitation Fund accounts for the activities necessary to provide water and wastewater services to the residents of the Town. These activities include administration, water and wastewater system operations and maintenance, new construction, financing and related debt service.

D. Budget

The Town Council follows these procedures in establishing the Town budget:

1. Thirty to sixty days prior to the beginning of each fiscal year, the department supervisors submit to the Town Council a proposed budget for the fiscal year beginning on the following fiscal year. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted at which comments concerning the budget are heard.
3. The budget is legally enacted by the Town Council prior to the beginning of the fiscal year.
4. The City Secretary is authorized to transfer budgeted amounts between the departments within any fund, however any revisions that alter the total expenditures of any fund must be approved by the Town Council. The budget was not amended during this fiscal year.

E. Inventory

The Enterprise Fund inventory is valued at actual cost. Material and supplies, which constitute the bulk of the inventory, are charged to expense when acquired. Inventory on hand at the balance sheet date is appropriately adjusted and recorded as a current asset in the Enterprise Fund.

TOWN OF WOODSBORO, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended July 31, 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Vacation and Sick Leave

Vacation is accumulated after the first year of employment and can be used thereafter. Employees shall receive one week of vacation time after one year of employment; two weeks of vacation time two to fourteen years of employment and three weeks of vacation time fifteen years and over. Earned vacation time must be used by December 15 of each year; however, the Town will reimburse employees for a maximum of five unused vacation days accrued during the current year. The Town allows employees twelve sick days each calendar year. Up to thirty-six days of sick leave can be accumulated. Employees can sell back up to five days of sick leave each year. Sick leave is paid only upon illness while in the employment of the Town. Employees leaving the services of the Town shall not be paid for accumulated sick leave.

G. Restricted Resources

The Town applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

H. Classification of Fund Balances and Net Assets

In accordance with *Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions*, the Town classifies governmental fund balances as follows:

Non-spendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.

Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Town Council.

Unassigned – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

Net assets have been restricted for USDA and TWDB bond payments.

I. Property Tax

Taxes are levied on October 1 and are due and payable on or before January 31 of the following year. All unpaid taxes become delinquent February 1 and attach as an enforceable lien on the property as of July 1 of the following year. The Refugio County Tax Assessor Collector bills and collects taxes for the Town. Property taxes not collected within 60 days are deemed not to be material to the financial statements, so no allowance for doubtful accounts has been established.

TOWN OF WOODSBORO, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended July 31, 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Property Tax (Continued)

The Town reports deferred revenue on its General Fund balance sheet. Deferred revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when the Town receives resources before it has legal claim to them. In subsequent periods, when both revenue recognition criteria are met, or when the Town has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

During the year ended July 31, 2013, the Town levied an ad valorem tax for maintenance and operations at a rate of .7544 per \$100 of assessed value. A total tax levy of \$242,645 resulted, based on a net taxable valuation of \$32,163,920 for the 2012 tax year.

J. Capital Assets

Capital assets purchased or acquired are carried at historical cost or estimated historical cost. Contributed assets are recorded at fair market value as of the date donated. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on capital assets is calculated on the straight-line basis over the following estimated useful lives:

Buildings	10 – 40 years
Equipment	5 – 10 years
Other improvements	7 – 15 years
Streets	10 years
Software	3 – 5 years
Vehicles	5 – 20 years
Water and sewer assets	5 – 50 years

K. Excess of Expenditures over Revenues in Governmental Funds

An excess of \$3,361 of expenditures over revenues occurred in the Police Department Fund in the year ended July 31, 2013.

L. Statement of Cash Flows

For purposes of the statement of cash flows, the Enterprise funds consider all highly liquid investments to be cash equivalents.

M. Restricted Assets

Certain resources of the Town have been set aside in the Enterprise Fund and General Fund for bond requirements, infrastructure and equipment repair or replacement, and law enforcement. These resources are classified as restricted assets on the Statement of Net Position because their use is limited by applicable bond covenants or other restrictions.

N. Risk Management

The Town is exposed to various risks of loss due to torts, theft of, damage to and destruction of assets, errors and omissions, the health of and injuries to employees and natural disasters. The Town uses commercial insurance to manage these risks. Claims have not exceeded its insurance coverage.

TOWN OF WOODSBORO, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended July 31, 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

O. Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and amusement fees. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTE 2: CASH

The Town maintains cash that is available for use by all funds, except as restricted. Each fund types' portion of these monies is displayed on the fund balance sheets with the description of "cash" under each fund's caption.

Deposits

At July 31, 2013, the carrying amount of the Town's deposits was \$1,031,051 and the bank balance was \$1,080,855. The entire bank balance was covered by federal depository insurance and collateral with a fair market value of \$1,023,024, held in safekeeping at Independent Bankers Bank for First National Bank of Woodsboro in the Town's name at year-end. The Town has a written depository contract.

The Town, by State law, can invest its fund in the following:

1. Obligations of the United States or its agencies and instrumentality's;
2. Direct obligations of the State of Texas or its agencies;
3. Other obligations, the principal of and interest on which are unconditionally guaranteed or insured by the State of Texas or the United States;
4. Obligations of states, agencies, counties, cities, and other political subdivision of any state having been rated as to investment quality by a nationally recognized investment rating firm and having received a rating of not less than A or its equivalent.
5. Certificates of deposit issued by the state and national banks domiciled in this state that are;
 - a. guaranteed or insured by the Federal Deposit Insurance Corporation, or its successor; or
 - b. secured by obligations of paragraphs 1 – 4 above and that have a market value of not less than the principal amount of certificates.

B. Capital Lease Obligations – Business-type Activities

Purchase of Equipment

On February 20, 2012, the Town of Woodsboro entered into a three-year lease agreement with Government Vehicle Leasing Company to finance the acquisition of equipment. The asset and liability under the capital lease have been recorded at the fair value of the asset, which is equal to the present value of the minimum lease payments at the inception of the lease. The total cost of the asset and the amount financed was \$67,610 with a fixed interest rate of 9.15%. The final lease payment is due on March 28, 2015.

C. Certificates of Obligation – Business-type Activities

During the fiscal year ended June 30, 2001, the Town of Woodsboro, Texas authorized the issuance of \$573,000, Series 2000, and \$137,000, Series 2000A, Combination Tax and Combined Waterworks and Sanitary Sewer System Revenue Certificates of Obligation and \$213,000 in grant proceeds for funding of water and wastewater improvements through an agreement with USDA Rural Development. This agreement resulted in \$923,000 in total loan and grant proceeds being committed for these improvements. As of June 30, 2002, all Certificates of Obligation for Series 2000 and Series 2000A were issued. Interest on the Certificates of Obligation is payable March 1 and September 1. Principal payments are due annually on March 1 and continue until March 1, 2040. The interest rate is fixed at 4.50% per annum.

The bond ordinance contains provisions which require that the Town maintain an operating or revenue fund, an interest and sinking fund, a reserve fund, and a repair and replacement fund. The operating fund is to be used for collection of revenues and for payment of day to day expenses for operation and maintenance of the system. The interest and sinking fund is to be used for payment of principal and interest on the bonds. The reserve fund is to be used for payment of principal and interest on the bonds when there are not sufficient funds in the interest and sinking fund. The repair and replacement fund is to be used to pay the cost of any repairs or extensions to the system when no other funds are available. Also, the repair and replacement fund is to be used for payment of principal and interest on the bonds when there are not sufficient funds in the interest and sinking fund or the reserve fund.

During the year ended July 31, 2008, the Town of Woodsboro, Texas authorized the issuance of \$525,000, Texas Water Development Board Series 2008, Combination Tax and Combined Waterworks and Sanitary Sewer System Revenue Certificates of Obligation for the Drinking Water State Revolving Fund Project #61273. The purpose of the loan is to fund the Town's matching part of a grant for funding of a ground storage water tank through an agreement with Texas Water Development Board to bring the water system into compliance with State and Federal regulations. The total \$520,000 Certificates were issued prior to the July 31, 2013 fiscal year. Interest on the Certificates of Obligation is payable March 1 and September 1. Principal payments are due annually on March 1 and continue until March 1, 2028. The interest rate is variable with an average rate of 3.658% per annum.

NOTE 5: PENSION PLAN

Plan Description

The Town provides pension benefits for all of its eligible employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), an agent multiple-employer public employee retirement system. The plan provisions that have been adopted by the Town are within the options available in the governing state statutes of TMRS.

TMRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TMRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the System. This report may be obtained from TMRS' website at www.TMRS.com.

The plan provisions are adopted by the governing body of the Town, within the options available in the state statutes governing TMRS. Plan provisions for the Town were as follows:

	Plan Year 2012	Plan Year 2013
Employee deposit rate	5.0%	5.0%
Matching ratio (city to employee)	1 to 1	1 to 1
Years required for vesting	5	5
Service retirement eligibility (expressed as age / years of service)	60/5, 0/25	60/5, 0/25
Updated Service Credit	100% Repeating	100% Repeating
Annuity Increase (to retirees)	70% of CPI Repeating	70% of CPI Repeating

Contributions

Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Projected Unit Credit actuarial cost method. This rate consists of the normal cost contribution rate and the prior service cost contribution rate, which is calculated to be a level percent of payroll from year to year. The normal cost contribution rate finances the portion of an active member's projected benefit allocated annually; the prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the applicable period for that city. Both the normal cost and prior service contribution rates include recognition of the projected impact of annually repeating benefits, such as Updated Service Credits and Annuity Increases.

The Town contributes to the TMRS Plan at an actuarially determined rate. Both the employees and the Town make contributions monthly. Since the Town needs to know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the rate and the calendar year when the rate goes into effect.

NOTE 5: PENSION PLAN (Continued)

Funded Status and Funding Progress

The funded status as of December 31, 2012, under the two separate actuarial valuations, is as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Funded Ratio	Unfunded AAL (UAAL)	Covered Payroll	UAAL as a Percentage of Covered Payroll
12/31/2012	\$512,342	\$440,410	116.3%	\$(71,932)	\$285,253	(25.2)%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Actuarial calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation, and reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability of benefits.

Supplemental Death Benefits Fund

The Town also participates in the cost sharing multiple-employer defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). The Town elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The Town may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other postemployment benefit," or OPEB.

Your town offers supplemental death to:	Plan Year 2012	Plan Year 2013
Active employees	Yes	Yes
Retirees	Yes	Yes

TOWN OF WOODSBORO, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended July 31, 2013

NOTE 5: PENSION PLAN (Concluded)

The Town contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retirees' term life insurance during employees' entire careers.

The Town's contributions to the TMRS SDBF for the years ended 2012, 2011, and 2010 were \$1,440, \$875, and \$868, respectively, which equaled the required contributions each year.

Schedule of Contribution Rates:

(RETIREE-only portion of the rate)

Plan/ Calendar Year	Annual Required Contribution (Rate)	Actual Contribution Made (Rate)	Percentage of ARC Contributed
2010	0.07%	0.07%	100.0%
2011	0.08%	0.08%	100.0%
2012	0.09%	0.09%	100.0%

NOTE 6: INDIVIDUAL FUND DISCLOSURES

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as "due to and from other funds." Short-term interfund loans are reported as "interfund receivables and payables". Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds". There are no interfund receivables or payables as of July 31, 2013.

NOTE 7: SPECIAL REVENUE FUND - CONFISCATED FUNDS

A local agreement was made and entered into by and between the Town of Woodsboro Police Department and the District Attorney of the 24th Judicial District of Texas for Refugio County, Texas in accordance with Article 59.06 of Chapter 59 of the Texas Code of Criminal Procedure regarding the effect of the disposition of contraband forfeited to the State of Texas.

In consideration for the services associated with the forfeiture of contraband, the Town of Woodsboro Police Department agrees that forty percent of all money forfeited and forty percent of the final sum received from the sale of real estate shall be retained by the prosecuting attorney to be used for the official purposes of the office. The prosecuting attorney is further entitled to forty percent of the final sum received from the sale of vehicles seized. If the vehicle is retained by the Police Department, the Police Department agrees to pay the prosecuting attorney forty percent of the vehicle's suggested "Blue Book" value.

TOWN OF WOODSBORO, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended July 31, 2013

NOTE 7: SPECIAL REVENUE FUND - CONFISCATED FUNDS (Concluded)

The prosecuting attorney agrees that remaining contraband, after retention of the above stated portion for the prosecuting attorney, will be retained by the Town of Woodsboro Police Department for the law enforcement purposes.

In the event that the office of the prosecuting attorney, or any other law enforcement agency is required to expend significant time and effort in pre-seizure planning of a seizure and/or arrest, the case will be developed as a joint investigation with the percentage apportioned between the parties commensurate with the time and effort required by each of said parties, and an addendum to the agreement will be executed by the parties as it pertains to the particular seizure and/or arrest.

This agreement will apply to money or property seized and forfeited to the Town of Woodsboro Police Department on or after January 1, 2008. Money and property will be considered forfeited to the State once a judgment of forfeiture has become final, and no motion for new trial or notice of appeal has been taken. Payments to the prosecuting attorney will be made quarterly based on a calendar year. The prosecuting attorney will also be paid interest earned on each quarterly payment from the date of forfeiture until the end of the quarter. All costs of court proceedings will be paid by the Town of Woodsboro Police Department including the cost of titles searched and title policies issued.

The term of this agreement is for a period of one year from January 1, 2008. The agreement will automatically be renewed on a yearly basis after the initial one year term. The agreement may be terminated by either party upon thirty days prior written notice thereof to the other of its intention to terminate upon the date specified in such notice. Any pending forfeitures under this agreement filed prior to the termination date, however, will not be affected by such notices.

NOTE 9: FUND BALANCES

The non-spendable fund balance is comprised of the following:

- Amount reported in non-spendable form - inventory: \$18,192
- Amount not in cash form - prepaid expenses: 2,770

The Government committed the following fund balance types by taking the following action:

<u>Committed Purpose</u>	<u>Amount</u>	<u>Action</u>
Future City Hall	\$65,384	Town Council to ratify commitment
Street Maintenance	71,297	Town Council to ratify commitment

The Town uses *restricted/committed* amounts to be spent first when both restricted and unrestricted fund balance are available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar spending. Additionally, the Government would first use *committed, then assigned, and lastly unassigned* amounts of unrestricted fund balance when expenditures are made.

The Government does not have a formal minimum fund balance policy.

The purpose of each major special revenue fund and revenue source is listed below:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

September 16, 2013

To the Honorable Mayor
and Members of the Town Council
Town of Woodsboro, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund information of Town of Woodsboro, Texas, as of and for the year ended July 31, 2013, and the related notes to the financial statements, which collectively comprise Town of Woodsboro, Texas's basic financial statements, and have issued our report thereon dated September 16, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Town of Woodsboro, Texas's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Woodsboro, Texas's internal control. Accordingly, we do not express an opinion on the effectiveness of Town of Woodsboro, Texas's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Woodsboro, Texas's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

September 16, 2013

To the Honorable Mayor
and Members of the Town Council
Town of Woodsboro, Texas

Report on Compliance for Each Major Federal Program

We have audited Town of Woodsboro, Texas's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Town of Woodsboro, Texas's major federal programs for the year ended July 31, 2013. Town of Woodsboro, Texas's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Town of Woodsboro, Texas's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Town of Woodsboro, Texas's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Town of Woodsboro, Texas's compliance.

Opinion on Each Major Federal Program

In our opinion, Town of Woodsboro, Texas, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended July 31, 2013.

Report on Internal Control Over Compliance

Management of Town of Woodsboro, Texas, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Town of Woodsboro, Texas's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Town of Woodsboro, Texas's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended July 31, 2013

NOTE 1: BASIS OF ACCOUNTING

The modified basis of accounting is used for the Schedule of Expenditures of Federal Awards. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities for the current period. Expenditures are recorded when the liability is incurred.

NOTE 2: MAJOR PROGRAM

The major program is identified in the Summary of Auditor's Results section of the Schedule of Findings and Questioned Costs.
